Sigrid Blohm from The Japanese Paper Place: **“Washi: not just another pretty paper.”**
Translucent. Strong. Warm. Textured. Malleable. Stitchable. Ancient. Renewable. Sigrid Blohm will use these words and many more to convey the limitless possibilities for the use of handmade Japanese paper, or washi, in making art and useful objects. Using inspiring images and actual pieces of artwork, including some of her own, she will walk you through how the plainest of sheets can be dyed, printed, folded, crinkled, painted, layered, pierced, stitched and otherwise bent to your creative will.
