

President's Challenge

It has been the Guild's custom over the past few years for the president to issue a challenge to our members to create a unique piece of textile art. These pieces are appraised by the membership at the Spring Budget Meeting and a prize is given for the most admired piece of work.

This year the Evening Group's challenge entries will be appraised the Tuesday prior to the Spring budget meeting. Then the top three entries will be displayed along with those of the Day Group to determine the winning entry. While there is only one top prize awarded everyone who enters will receive a prize.

Our library is something that I have personally held in high esteem since joining CEG London. It is a treasure that has been faithfully maintained by dedicated librarians and their assistants, a superb resource for us all. The Mary Diamond Butts Memorial Library was established 25 years ago.

So, it is time to celebrate our library. **My challenge to you is to fashion a piece of textile art that commemorates this part of our heritage.**
